Join us for a discussion of psychedelics that will push the boundaries of theory and practice. When the journey opens beyond the personal to the cosmological, beyond self-transformation to collective-transformation, beyond the present to the future. Bringing the Bodhisattva vow to medicine work. Understanding our moment in history. Giving birth to the future human. Surviving God's embrace.

Chris Bache is professor emeritus in Philosophy and Religious Studies at Youngstown State University and adjunct faculty at CIIS.

He is the author of three books – *Lifecycles*, *Dark Night*, *Early Dawn*, and *The Living Classroom*. He is currently writing *Stealing Diamonds from Heaven*, an account of his 20 year psychedelic odyssey.
