

Dear Students,

I am beyond thrilled to be in class with each of you in just one week! We have such an amazing group of people from all around the world. I feel honored to be on this cosmic journey with you. Please carefully read all the information below, as I let you know how to best prepare for our 8 weeks together on Zoom.

Most importantly, here is our class Zoom link. Please use this link for each week.

**Meeting ID: 822 9972 5955**

**Passcode: 901952**

We will meet on **Sundays from 1:00-4:00PM Eastern Time, USA**. I extended class time by 30 minutes after I saw how much we needed to cover and to make sure we have plenty of time for all your questions, of which I hope there are many. Class will run from **April 11<sup>th</sup> – May 30<sup>th</sup>**.

Video of class will be released to you each week to review, or if you had to miss that week you can catch up.

In the first session we will introduce ourselves. I will ask you to **share your name, where you live, and either why you are in this class or your intention for our time together**.

Please let me know in response to this email if you want something specific covered in our time together and I will work it into the course material. **What questions do you have for me?**

You will receive the syllabus the first day of class. Each week you will be given PDFs of the material I want you to have for our transit study.

**I have created small break-out groups for all the students taking this course live.**

There are about 40 of you. So, I have assigned a group leader that will email you this week to find a time to meet, for about one hour, to be in conversation about the class material. The small groups are a way for you to ask questions, share what is happening for you with transits, go over the assignments, and to be in community. The leaders of each group are students who have studied with me at the highest level of courses I offer—they are awesome guides. Astrology is a language, and like all languages one must speak in order to learn.

\*\*\*If for any reason you cannot be in a small group, please email back and simply write, "I cannot be in a small group". **I do not need or want to know the reason.** I respect you are doing what you need to take care of yourself. That being said, I highly recommend being in a small group if you can\*\*\*.

Lastly, attached you will find the material I want you to review before we begin. I expect you to commit to memory the following, which can all be found in the PDF:

**The degree of each planet in your natal chart. Orbs of influence for natal chart (pg. 3 PDF), world transits (pg. 6 PDF), and personal transits (pgs. 7-8 PDF).** Do what you need to to commit this to memory as it will make the rest of our time together go more efficiently. Make notecards, draw it out, recite it to a friend or your cat. By week 3, you should know this.

We will hit the ground running as we only have 24 hours to cover what I have learned over the past 15 years. Thank you for being on this journey with me. Let's do this!

Thank you,  
Jessica
